

PREMIUM OFF-ROAD TRAILER SUSPENSION SYSTEMS

Zinc Plated Shackles *

3/4 Wrap

Rebound Leaf

FEATURING-

- Available in two specifications - Off-road and Outback
- Long spring design for better ride characteristics (long wheel travel and improved stability).*
- Rebound leaves for improved rebound control.
- Military spec. 3/4 wrap for extra main leaf support.
- Zinc plated shackles and chassis mounts.*
- Long life polyurethane bushes of readily available design (Toyota HiLux).*
- Made from high quality spring steel.
- Supplied ready to mount on your trailer.
- All replacement parts readily available.
- Australian made.

BEWARE OF IMITATIONS

This style of outback trailer suspension was originally designed and extensively tested by ourselves throughout the outback of Australia. Others have copied but ours is the original and still the best.

OFF-ROAD	KEY FEATURES	OUTBACK
0.75, 1.0, 1.25 or 1.5 Tonne capacity		1.0, 1.25 or 1.5 tonne capacity
Nylon bushes		Long life polyurethane bushes
		Long spring design
		Greaseable shackle pins

* Outback specification only
Features & specification may be subject to change without notice.

We also manufacture single, tandem & tri-axle suspension systems up to 6 tonnes. Our entire range of trailer suspensions can be viewed on our web site or contact us for details.
